

Wichita State College of Engineering adds 11 new faculty

Dr. Elnaz Banan Sadeghian is an assistant professor in the Department of Electrical Engineering and Computer Science. She received her PhD in electrical and computer

Dr. Yang-Seon Kim is an assistant professor in Department of Mechanical Engineering. She holds a PhD in mechanical engineering from the Pennsylvania State University. Before joining WSU, she worked as a postdoctoral fellow at the Building Technology and Urban Systems Division at Lawrence Berkeley National Laboratory. Her research looks at developing a novel method to assess the impact of building occupants on energy usage and performance, ventilation and indoor air quality. Dr. Kim is teaching

training and development of tens of thousands of leaders, operators, network administrators, users, and other personnel. Mr. Schroeder is teaching the
